

Overview

The St. Croix Valley Foundation (SCVF) recognizes that participation in arts and cultural activities enriches the region's quality of life, promotes interaction among residents, and builds community across diverse groups. The **Valley Arts Initiative** grant program intends to fund high-quality arts experiences – supporting nonprofits and artists, engaging the community, and ultimately fostering a rich and diverse arts ecosystem in the St. Croix Valley.

This year, the SCVF received a Wisconsin Arts Board (WAB) grant; the WAB is the state agency that nurtures creativity, cultivates expression, promotes the arts, and stimulates community and economic development. All WAB funds received are matched by SCVF and regranting to nonprofits deploying innovative arts programming.

Decision-Making Process

A knowledgeable panel reviews proposals in a public meeting. Applicants are invited and encouraged to attend, but attendance will not affect the decision on your organization's proposal. Decisions in all grant programs follow an established review process and are made according to a conflict of interest policy.
